Safe and Sound Playground Inspections, Inc.

Safe and Sound Playground Inspections, Inc. is comprised of concerned parents who want safer and cleaner places for children to play.

A new safe level of clean.

Through superior cleaning services and detailed safety inspections, we strive to eliminate the hazards with playground and play structures.

Cleaning & Sanitizing

Clients of Safe and Sound experience a new level of clean and safety. Our second-to-none cleaning service includes detailed cleaning and sanitizing, debris removal, state of the art equipment and cleaning processes, reliable crews that truly care for children's health and safety and a guarantee that we do what we are hired to do - create a safer and cleaner place for children to play. No details are left undone and flexible safety inspections can be added onto your cleaning contract.

Indoor Soft Contained Play Structures

Using non-allergenic, non-corrosive cleaning and disinfecting agents, our experienced team will clean and sanitize every area of your play structure. With our state-of-the-art cleaning system, we are able to more effectively clean your play structure than what could be accomplished with hand scrubbing alone. Our contained, specialized high pressure wash and water removal system will completely clean the inside of the structure, allowing us to pay careful attention to crevasses **and does not spray tables, windows, or any surrounding surfaces**. Our detailed cleaning services of indoor soft contained play structures include with every visit:

- Contained High Pressure Cleaning, Sanitizing and Water Removal
- Graffiti Removal
- Debris Removal – Gum, Food, Sticky Substances, etc.
- Cleaning of Inside and Outside of Tubes, Steps, Slides, Joints, Pole Protectors and Sneaker Keepers
- Vacuum Flooring Under Play Structure

Outdoor Commercial Play Structures & Surrounding Areas

When cleaning outside structures, we use a combination of our pressure wash system and hand scrubbing to ensure all parts of the structure and surrounding areas are properly cleaned and sanitized. As is always the case with our cleaning, we only use non-allergenic, non-corrosive cleaning and disinfecting agents. We will also rake and level ground cover while removing debris from the playground area. When utilizing Safe and Sound Playground Inspections, Inc. for your outdoor commercial play structures and surrounding area cleaning needs, our services include with every visit:

- Hand Scrub and High Pressure Cleaning and Sanitizing of All Play Equipment
- Graffiti Removal
- Cleaning of Surrounding Sidewalks
- Ramada Cleaning
- Table and Bench Sanitizing
- BBQ Clean Out
- Trash Receptacle Cleaning
- Debris Removal – Gum, Sand, Bark, Vandalism, etc.
- Rake and level ground cover while removing debris

Special Needs

Customized services are available for indoor and outdoor clients that have special needs. If we have not listed a specific service you are looking for, please call us. We handle every aspect of playground cleaning, sanitizing, safety and repair.

Safety Audits & Inspections

Safe and Sound Playground Inspections, Inc. can provide a detailed analysis of the current condition of your indoor or outdoor play structure when we begin our service.

Our safety audits, which are a report of the structure in its current condition, follow the guidelines of The National Playground Safety Institute and are conducted by our inspectors, who are Certified Playground Safety Inspectors (CPSI). This analysis is necessary at least once per year in order to verify the play structures status per the national standards. In addition to the audit itself, we will also prepare a detailed repair report with the suggested repairs so your management team will know exactly the steps that should be taken to ensure your structure remains safe to play. At Safe and Sound Playground Inspections, Inc., we go the extra mile because we want to make sure children are safe to play!

Visit us at SafeAndPlay.com today or call (480) 888-8784 for a free estimate!

We service a multitude of clients that range from restaurants to preschools and churches to HOA's. For more information about Safe and Sound and to find out how we can help you make your playground and surrounding area Safe to Play... visit us at SafeandPlay.com.
